

SENATE PASSES CIGARETTE BILL

Amends It to Make It Go Into Effect on Aug. 1.

NOW RETURNS TO THE HOUSE

But it is not believed that it will meet with serious opposition there—House passes bill creating commission to draft measure to be presented to next legislature. Governor vetoes Cass Lake Normal School Bill.

St. Paul, April 7.—Cigarettes and "the makings" are to be barred from sale or gift in this state after Aug. 1, if nothing goes amiss with the house bill passed by the senate. The passage was received with acclaim by a large number of the solons, and the first outburst of applause to greet the passage of any bill this session resounded when the lieutenant governor announced the vote: 39 in favor, 16 against.

There was little opposition to the bill in the committee of the senate, where it was carefully considered, and on the floor only Henry McColl of St. Paul and R. G. Farrington of Ortonville spoke against it.

The bill passed the house under suspension of the rules at a night session. The senate has considered it carefully, and amended it so that it will go into effect Aug. 1, instead of at its passage as the house bill provided. The bill will have to pass the house before going to the governor, but it is not expected that it will strike the rocks in either place. Both the sale and gift of cigarettes and papers to contain tobacco are barred.

The house passed the bill for a commission to report to the next legislature a bill providing compensation for injured workmen. At the same session it killed the last of the liability bills, the Stuart measure, drawn by a special committee of which Mr. Stuart was chairman.

Warm Debate in House.

The house spent three hours on the bills and the debate was the warmest of the session. The votes passing one bill and killing the other were both decisive, and the most interesting vote and the warmest debate was on the question of whether Republicans or Democrats should go on the proposed commission.

The bill limited the expenses of the commission to \$10,000. Mr. Stuart secured an amendment which cut this to \$5,000, as he said that he could not see where they could spend \$5,000 unless they contemplated a trip to Europe, as the members were to serve without compensation.

The senate reduced the amount of appropriation for fighting forest fires and passed the Holmberg bill. As the bill came from the finance committee the main appropriations for various parts of the work were cut in half. Under the present law \$9,000 is appropriated to fight forest fires. The house bill made the amount \$28,000, and the senate finance committee recommended that the amount be made \$14,000, and the bill was passed in this shape after a little tilt on the floor. The vote was 32 to 15, none to spare.

T. E. Cashman of Owatonna urged that the appropriation as asked in the house bill should be permitted to stand, because of the great danger from fires in the northern part of the state. The bill as a whole was opposed by other Democrats on the claim that the entire forestry department should be reorganized, but the bill as reported by the senate finance committee passed.

Cass Lake School Bill Vetoed.

The first veto message of the session was read in the senate when Governor Johnson returned without his approval the Cass Lake normal school bill. It was this bill which caused more commotion and more trading of votes than any other measure before the legislature during the early weeks of the session, and which was only passed by narrow margins after hard work in both branches.

The governor declared that he is not in favor of the establishment of any new state institutions unless there is shown to be a decided need for them, and he is further opposed to placing a normal school at Cass Lake, because it cannot yet be determined where the center of population of that district will be.

The bill for the establishment of a normal school at Bemidji made its appearance early in the session, and while there were several other towns in the race for the school they were soon distanced, leaving Bemidji and Cass Lake in the race. A proposition to authorize the establishment of a normal school and to leave the loca-

tion to the judgment of the normal school board was rejected. The Bemidji bill was permitted to die in the senate.

The governor would rather see the present schools enlarged than new schools established, and as none of the bills can muster enough strength to overcome his veto there will be no normal school bill enacted into the law this session.

The house passed Senator Work's bill authorizing cities to adopt a commission form of government.

MILBURN PRESENTS CASE FOR DEFENSE

Relates Early History of Standard Oil Corporation.

St. Louis, April 7.—John G. Milburn of New York, the Standard Oil company's chief counsel of record, commenced the presentation of the defendant's side of the case in the government's suit to dissolve the Standard Oil Company of New Jersey for alleged violations of the Sherman act, now before the United States circuit court of this city. Although Mr. Milburn addressed the court only forty minutes, he found time in that brief period to tell much of the early history of the Standard Oil corporation, from the viewpoint of the defense. The two principal points made up to the closing hour by Mr. Milburn were that the giant corporation had done much for American industries and commerce and that the oil business of the early days was of a "non-descript type."

"Wherever," said he, "has trod the foot of civilized man; wherever the hoof of the camel has made its imprint upon the sands of the desert, or wherever an artificial light is burned, and wherever flies the flag of any nation—there will be found the product of Standard Oil—the product of America and Americans."

The federal attorney, Mr. Kellogg, concluded his opening address for the government shortly after noon. Then C. B. Morrison, formerly United States attorney at Chicago, and Mr. Kellogg's chief associate, finished the government's opening of the argument by a two-hours' discussion of the alleged unfair competition, scoring the Standard heavily for its alleged secret gathering of reports, showing the business of competitors, and charging it further with maintaining a secret spy system. Among other independent mentions as having been "spied upon" by Mr. Morrison was the firm of Hisgen Bros. of Albany, N. Y., the senior member of which, Thomas Hisgen, was the Independence League candidate for the presidency.

MAJORITY FAVOR LICENSE

Municipal Elections Held in Many Wisconsin Cities.

Milwaukee, April 7.—Municipal elections were held in a large number of cities throughout Wisconsin, the issue of license of no license being at stake. License carried in a majority of the cities and towns thus far heard from. In Appleton and Beloit, where the struggle was hotly waged, the "wets" were victorious. Sparta, which voted "dry" last election, decided for license, while Sturgeon Bay went "dry" for the first time. New Lisbon's vote resulted in a tie and will remain "dry."

The following places carried for license:

Beloit, Baraboo, Appleton, Sparta, Oshkosh, Plainfield, Platteville, Plymouth, West Salem, Brodhead, Fenimore, Barron, Ashland, Onalaska, Galesville, Rhinelander, Eagle River, Stanley, Blanchardville, Eau Claire, Marinette, Neenah and Somers.

The towns voting "dry" are: Mondovi, Eleva, Gilmanton, New Lisbon (tie), Sturgeon Bay, Whitehall, Grantsburg, Richmond, Stoughton, Albany, Decatur, Lodi, Black Earth and Bloomington.

Democrats carried Oshkosh in the mayoralty, J. C. Voss defeating Mayor John Banderob (Rep.) by 500 majority; Democrats also carried Sheboygan, Darlington, Kenosha, Fort Atkinson, Portage and Mauston; while the Republicans were successful in Janesville and Elkhorn.

Most of the towns elected citizens' tickets.

Scattering returns from throughout the state indicate that Charles P. Cary, the present state superintendent of public instruction, is leading his three opponents in his race for reelection on a non-partisan ticket.

John Barnes, state supreme court justice, is re-elected without opposition.

VOTE AGAINST FREE LUMBER

House Members Opposed to Abolishing Duty.

BY OVERWHELMING MAJORITY

Amendment to the Payne Tariff Bill Offered by Scott of Kansas Taking Hides From the Free List Is Voted Down—Wrangling, Confusion, Captious Objections and Personalities Mark Discussion of Tariff Measure.

Washington, April 7.—Wrangling, confusion, captious objections, personalities and language bordering on vituperation marked the first day's discussion of the Payne tariff bill for amendment in the house of representatives. With practically a full attendance, the members were wrought up to a high tension and were prepared to fight to the last ditch for those things which their constituencies were demanding.

The entire day practically was consumed in discussing the lumber and hides schedules. Led by Mr. Tawney (Minn.), the advocates of free lumber in the house went down to defeat by the narrow margin of six votes, following the striking out of the countervailing duty on lumber.

An overwhelming majority was mustered against an amendment by Mr. Scott (Kan.) taking hides from the free list and fixing a duty upon them of 10 per cent ad valorem.

The barley schedule came in for a lively discussion and when the bill was laid aside for the day there were pending two amendments, one raising the rate in the Payne bill from 15 cents to 25 cents a bushel and the other fixing the rate at 10 per cent ad valorem.

The sum total of the day's work, with the exception of the elimination of the countervailing duty on lumber, which was a committee amendment, was to leave the bill in identically the condition in which the committee reported it. This grants free hides and a duty of \$1 per thousand on sawed lumber.

TO LAND AT FORT DE FRANCE

General Castro Decides to Stop at French Port.

Paris, April 7.—A dispatch to the Journal from Basse-Terre, Guadeloupe, says that General Castro, learning that he would not be allowed to land at Trinidad, has decided to leave the ship at Fort de France, Martinique.

The news that he would not be allowed to land at Trinidad threw Castro into a violent rage. Prior to leaving Pointe-a-Pitre he left a vigorous protest with the British consul against instructions of the British government. He showed particular annoyance at the presence of an American cruiser, which will escort the Guadeloupe to her final destination. To the Journal correspondent he said:

"The existing Venezuelan government has certainly asked for the intervention of the United States, which means that a revolution is imminent at Caracas. I shall abstain from taking part in it."

Senor Castro will send his family to La Guayra.

USED BLACK HAND METHODS

Georgia Youth Tried to Blackmail Wealthy Citizen.

Atlanta, Ga., April 7.—Charged with attempting to blackmail Asa G. Candler, president of the Atlanta Chamber of Commerce and Atlanta's wealthiest citizen, out of \$35,000 by "Black Hand" methods, Daniel W. Johnson, Jr., eighteen years of age, and a member of Mr. Candler's Sunday school class, was arrested at the instance of postoffice inspectors.

Johnson admits writing the letters and takes his arrest coolly. He, however, declares that he was the cat's-paw of three strangers, who, he claims, dictated his every action in connection with the case, and forced him to write the demands for money, under penalty of death. He furnished the officers with descriptions of the three men.

One Killed and Six Injured.

Fremont, Neb., April 7.—One man, Will L. Payne of Lansing, Mich., a stockman, was killed and six others were injured, one seriously, in a rear end collision between two Union Pacific freight trains in the yards here.

Boy Killed by Lightning.

Waterloo, Ia., April 7.—When driving near La Porte, Ia., Benjamin Smith, sixteen years old, was killed by a bolt of lightning that also killed his father and demolished the buggy.

MEETS KING ON A BATTLESHIP

Theodore Roosevelt Calls on Italian Monarch.

IN THE HARBOR OF MESSINA

Meeting Characterized by the Utmost Cordiality and the King Took Occasion to Express the Gratitude of Himself and His People for the Generous Assistance Given Earthquake Sufferers by the American People.

Messina, April 7.—Theodore Roosevelt and King Victor Emmanuel met on the Italian battleship Re Umberto in Messina harbor. The meeting was characterized by the utmost cordiality and the king took the occasion to express the gratitude of himself and the Italian people for the generous assistance of the American people to the earthquake sufferers. At the close of the interview Mr. Roosevelt went ashore and inspected the ruins of the city, the desolation of which moved him strongly. He then boarded the steamer Admiral, which hoisted her anchors and proceeded on her way to Mombasa.

When the Admiral arrived at Messina she was saluted by the Re Umberto, with the king on board, he having come here on the battleship. Almost immediately Captain Pfeister, former Italian military attaché at Washington, and now aide to Admiral Mirabello, was taken to the Admiral in a launch and inquired for Mr. Roosevelt. He said the king sent his compliments and would have great pleasure in receiving the former president of the United States. Mr. Roosevelt's face lit up with a pleased smile. Accompanied by his son Kermit and Ambassador Griscom, he proceeded at once to the battleship.

Greeted Roosevelt Effusively.

The king met the party at the head of the gangway. He greeted the ex-president effusively, shaking him warmly by the hand. He did not wish, he said, to allow the opportunity to pass of making the personal acquaintance of so distinguished a man. Above all he wanted personally to thank the ex-president for the help extended by America at the time of the earthquake. "You are now able," he added, "to understand better what a terrible disaster it was."

Mr. Roosevelt replied, thanking the sovereign for the compliment paid him in inviting him to come aboard the Re Umberto. He said that the American people did not wish thanks for what they had done, as they had merely tried to do their duty and knew no better way to confront the

immense need than by their work and contributions.

The conversation then turned to the hunting trip to Africa, the king saying that his tastes also ran in that direction. He mentioned the expedition of the Count of Turin in Africa, and, similarly with the Duke of Aosta, expressed the hope that Mr. Roosevelt would meet the count there. After more than half an hour's conversation the king accompanied his guest ashore, where a photograph was taken of a group consisting of his majesty, the ex-president, Kermit and the American ambassador. At the suggestion of the king, Mr. Roosevelt snapped a picture of his majesty, Admiral Mirabello, Kermit and Ambassador Griscom, amid much laughter.

Wished Him Good Luck.

Before leaving, the king saluted Mr. Roosevelt, wishing him a happy and successful trip and much good luck in the way of hunting. He asked Mr. Roosevelt to promise that he would visit Rome on his return, when the queen would be pleased to make his acquaintance. The king then took his departure, not wishing to accompany the party over the ruins.

Mr. Roosevelt was charmed with the courtesy of the king and declared that it was the most interesting half hour he had spent since he left the United States. The inspection of the ruins then began.

The ex-president's departure from the city to go aboard his steamer was marked with scenes that moved him to emotion. Although it was raining heavily by this time, the people gathered in crowds. The women kissed their hands to him, the children threw flowers in his path and the men cheered wildly. It was a spontaneous greeting to one who had been their friend.

The steamer Admiral left Naples soon after midnight, and after a strenuous day the ex-president was not long in seeking rest.

WILL NOT JOIN CHICAGO

Evanston and Cicero Vote Against Annexation Proposition.

Chicago, April 7.—In the city election held here the "little ballot" opposing a proposition for a tax levy to erect a tuberculosis sanitarium carried by a large plurality. The town of Evanston annulled annexation by voting against it 4 to 1. The town of Cicero defeated annexation.

The Republicans elected Isaac N. Powell city treasurer by a plurality of 10,000. F. D. Connery, a Democrat, was elected city clerk by less than 3,000 votes.

Four aldermen of the so-called "Gray Wolf" element were defeated. In the Seventh ward Professor Charles E. Merriam of the University of Chicago was elected by a tremendous majority. Aldermen Kenna and Powers were re-elected.

New Trier township voted itself "dry" territory, driving out the saloon in Gross Point, where Fort Sheridan soldiers gathered.

Both the Democrats and the Republicans elected seventeen new council members. With the holdovers, this makes the council Republican by a majority of twelve.

TO QUASH INDICTMENTS

Defense Argues in Trial of Governor Haskell.

Tulsa, Okla., April 7.—In the trial of Governor Charles N. Haskell for alleged land fraud, testimony designed to uphold charges of improper conduct by Special Prosecutor Rush in obtaining the indictments was completed. The defense immediately resumed argument on the motion to quash the indictments. Arguments were in progress when court adjourned for the day and will be taken up again.

If the court overrules the motion to quash, attorneys for Haskell will file a demurrer, copies of which already have been submitted to the prosecution. The demurrer will be argued immediately if the attorneys fail in their efforts to quash. If that fails the case will be assigned for immediate trial, which, it is expected, will consume at least thirty days.

E. B. Linnin, special officer of the interior department, testified that he was appointed Dec. 9, 1908, to investigate the town lot fraud cases in Muskogee. He took statements, he said, in Michigan, Oklahoma, Louisiana, Indiana, Mississippi and Ohio, these forming the basis of the Haskell prosecution.

Edward Shannahan of Vinita, foreman of the grand jury which indicted Haskell, related statements alleged to have been made by Prosecutor Rush. These were designed by the defense to uphold charges of improper conduct made against Rush regarding the grand jury proceedings.

Guests Driven Out by Smoke.

Minneapolis, April 7.—Driven from their rooms by the smoke of a fire which did trifling damage in the basement, about forty lodgers at You-man's hotel were forced out into the slush storm in dishabille ranging from shirt sleeves and slippers to night robes and bare feet at 10:30 o'clock at night.

SENATE PASSES CIGARETTE BILL

Amends It to Make It Go Into
Effect on Aug. 1.

NOW RETURNS TO THE HOUSE

But It Is Not Believed That It Will
Meet With Serious Opposition
There—House Passes Bill Creating
Commission to Draft Measure to
Be Presented to Next Legislature.
Governor Vetoes Cass Lake Normal
School Bill.

St. Paul, April 7.—Cigarettes and
"the makings" are to be barred from
sale or gift in this state after Aug. 1,
if nothing goes amiss with the house
bill passed by the senate. The pass-
age was received with acclaim by a
large number of the solons, and the
first outburst of applause to greet the
passage of any bill this session re-
sounded when the lieutenant govern-
or announced the vote: 39 in favor, 16
against.

There was little opposition to the
bill in the committee of the senate,
where it was carefully considered, and
on the floor only Henry McColl of St.
Paul and R. G. Farrington of Orton-
ville spoke against it.

The bill passed the house under
suspension of the rules at a night ses-
sion. The senate has considered it
carefully, and amended it so that it
will go into effect Aug. 1, instead of
at its passage as the house bill pro-
vided. The bill will have to pass the
house before going to the governor,
but it is not expected that it will
strike the rocks in either place. Both
the sale and gift of cigarettes and pa-
pers to contain tobacco are barred.

The house passed the bill for a
commission to report to the next leg-
islature a bill providing compensa-
tion for injured workmen. At the
same session it killed the last of the
liability bills, the Stuart measure,
drawn by a special committee of which
Mr. Stuart was chairman.

Warm Debate in House.

The house spent three hours on the
bills and the debate was the warmest
of the session. The votes passing one
bill and killing the other were both
decisive, and the most interesting vote
and the warmest debate was on the
question of whether Republicans or
Democrats should go on the proposed
commission.

The bill limited the expenses of the
commission to \$10,000. Mr. Stuart se-
cured an amendment which cut this
to \$5,000, as he said that he could not
see where they could spend \$5,000 un-
less they contemplated a trip to Eu-
rope, as the members were to serve
without compensation.

The senate reduced the amount of
appropriation for fighting forest fires
and passed the Holmberg bill. As the
bill came from the finance committee
the main appropriations for various
parts of the work were cut in half.
Under the present law \$9,000 is ap-
propriated to fight forest fires. The
house bill made the amount \$28,000,
and the senate finance committee re-
commended that the amount be made
\$14,000, and the bill was passed in
this shape after a little tilt on the
floor. The vote was 32 to 15, none to
spare.

T. E. Cashman of Owatonna urged
that the appropriation as asked in the
house bill should be permitted to
stand, because of the great danger
from fires in the northern part of the
state. The bill as a whole was op-
posed by other Democrats on the
claim that the entire forestry depart-
ment should be reorganized, but the bill
as reported by the senate finance com-
mittee passed.

Cass Lake School Bill Vetoes.

The first veto message of the ses-
sion was read in the senate when Gov-
ernor Johnson returned without his
approval the Cass Lake normal school
bill. It was this bill which caused
more commotion and more trading of
votes than any other measure before
the legislature during the early weeks
of the session, and which was only
passed by narrow margins after hard
work in both branches.

The governor declared that he is not
in favor of the establishment of any
new state institutions unless there is
shown to be a decided need for them,
and he is further opposed to placing
a normal school at Cass Lake, because
it cannot yet be determined where the
center of population of that district
will be.

The bill for the establishment of a
normal school at Bemidji made its ap-
pearance early in the session, and
while there were several other towns
in the race for the school they were
soon distanced, leaving Bemidji and
Cass Lake in the race. A proposition
to authorize the establishment of a
normal school and to leave the loca-

tion to the judgment of the normal
school board was rejected. The Be-
midji bill was permitted to die in the
senate.

The governor would rather see the
present schools enlarged than new
schools established, and as none of
the bills can muster enough strength
to overcome his veto there will be no
normal school bill enacted into the
law this session.

The house passed Senator Work's
bill authorizing cities to adopt a com-
mission form of government.

MILBURN PRESENTS CASE FOR DEFENSE

Relates Early History of Stand-
ard Oil Corporation.

St. Louis, April 7.—John G. Milburn
of New York, the Standard Oil com-
pany's chief counsel of record, com-
menced the presentation of the de-
fendant's side of the case in the gov-
ernment's suit to dissolve the Stand-
ard Oil Company of New Jersey for
alleged violations of the Sherman act,
now before the United States circuit
court of this city. Although Mr. Mil-
burn addressed the court only forty
minutes, he found time in that brief
period to tell much of the early his-
tory of the Standard Oil corporation,
from the viewpoint of the defense.
The two principal points made up to
the closing hour by Mr. Milburn were
that the giant corporation had done
much for American industries and
commerce and that the oil business
of the early days was of a "nonde-
script type."

"Wherever," said he, "has trod the
foot of civilized man; wherever the
hoof of the camel has made its im-
print upon the sands of the desert, or
wherever an artificial light is burned,
and wherever flies the flag of any na-
tion—there will be found the product
of Standard Oil—the product of Amer-
ica and Americans."

The federal attorney, Mr. Kellogg,
concluded his opening address for the
government shortly after noon. Then
C. B. Morrison, formerly United States
attorney at Chicago, and Mr. Kellogg's
chief associate, finished the govern-
ment's opening of the argument by a
two-hours' discussion of the alleged
unfair competition, scoring the Stand-
ard heavily for its alleged secret
gathering of reports, showing the
business of competitors, and charging
it further with maintaining a secret
spy system. Among other indepen-
dents mentioned as having been
"spied upon" by Mr. Morrison was the
firm of Higgen Bros. of Albany, N. Y.,
the senior member of which, Thomas
Higgen, was the Independence League
candidate for the presidency.

MAJORITY FAVOR LICENSE

Municipal Elections Held in Many
Wisconsin Cities.

Milwaukee, April 7.—Municipal elec-
tions were held in a large number of
cities throughout Wisconsin, the issue
of license or no license being at stake.
License carried in a majority of the
cities and towns thus far heard from.
In Appleton and Beloit, where the
struggle was hotly waged, the "wets"
were victorious. Sparta, which voted
"dry" last election, decided for
license, while Sturgeon Bay went
"dry" for the first time. New Lis-
bon's vote resulted in a tie and will
remain "dry."

The following places carried for
license:

Beloit, Baraboo, Appleton, Sparta,
Oshkosh, Plainfield, Platteville, Ply-
mouth, West Salem, Brodhead, Fen-
imore, Barron, Ashland, Onalaska,
Galesville, Rhinelander, Eagle River,
Stanley, Blanchardville, Eau Claire,
Marquette, Neenah and Somers.
The towns voting "dry" are:
Mondovi, Eleva, Gilmanton, New
Lisbon (tie), Sturgeon Bay, White-
hall, Grantsburg, Richmond, Stough-
ton, Albany, Decatur, Lodi, Black
Earth and Bloomington.

Democrats carried Oshkosh in the
mayoralty, J. C. Voss defeating Mayor
John Banderob (Rep.) by 500 major-
ity; Democrats also carried Sheboy-
gan, Darlington, Kenosha, Fort Atkin-
son, Portage and Mauston; while the
Republicans were successful in Janes-
ville and Elkhorn.

Most of the towns elected citizens'
tickets.

Scattering returns from throughout
the state indicate that Charles P.
Cary, the present state superintendent
of public instruction, is leading his
three opponents in his race for re-
election on a non-partisan ticket.

John Barnes, state supreme court
justice, is re-elected without opposi-
tion.

VOTE AGAINST FREE LUMBER

House Members Opposed to
Abolishing Duty.

BY OVERWHELMING MAJORITY

Amendment to the Payne Tariff Bill
Offered by Scott of Kansas Taking
Hides From the Free List Is Voted
Down—Wrangling, Confusion, Cap-
tious Objections and Personalities
Mark Discussion of Tariff Measure.

Washington, April 7.—Wrangling,
confusion, captious objections, per-
sonalities and language bordering on
vituperation marked the first day's
discussion of the Payne tariff bill for
amendment in the house of representa-
tives. With practically a full atten-
dance, the members were wrought up
to a high tension and were prepared
to fight to the last ditch for those
things which their constituencies were
demanding.

The entire day practically was con-
sumed in discussing the lumber and
hides schedules. Led by Mr. Tawney
(Minn.), the advocates of free lumber
in the house went down to defeat by
the narrow margin of six votes, follow-
ing the striking out of the counter-
vailing duty on lumber.

An overwhelming majority was
mustered against an amendment by
Mr. Scott (Kan.) taking hides from the
free list and fixing a duty upon them
of 10 per cent ad valorem.

The barley schedule came in for a
lively discussion and when the bill
was laid aside for the day there were
pending two amendments, one raising
the rate in the Payne bill from 15
cents to 25 cents a bushel and the other
fixing the rate at 10 per cent ad
valorem.

The sum total of the day's work,
with the exception of the elimination
of the countervailing duty on lumber,
which was a committee amendment,
was to leave the bill in identically
the condition in which the committee
reported it. This grants free hides
and a duty of \$1 per thousand on
sawed lumber.

General Castro Decides to Stop at
French Port.

Paris, April 7.—A dispatch to the
Journal from Basse-Terre, Guadeloupe,
says that General Castro, learning
that he would not be allowed to land
at Trinidad, has decided to leave the
ship at Fort de France, Martinique.

The news that he would not be al-
lowed to land at Trinidad threw
Castro into a violent rage. Prior to
leaving Pointe-a-Pitre he left a
vigorous protest with the
British consul against instructions
of the British government. He
showed particular annoyance at the
presence of an American cruiser,
which will escort the Guadeloupe
to her final destination. To the Journal
correspondent he said:

"The existing Venezuelan govern-
ment has certainly asked for the in-
tervention of the United States,
which means that a revolution is im-
minent at Caracas. I shall abstain
from taking part in it."

Senor Castro will send his family
to La Guayra.

Atlanta, Ga., April 7.—Charged with
attempting to blackmail Asa G. Can-
dler, president of the Atlanta Chamber
of Commerce and Atlanta's wealthiest

Hand" methods, Daniel W. Johnson,
Jr., eighteen years of age, and a mem-
ber of Mr. Candler's Sunday school
class, was arrested at the instance of
postoffice inspectors.

Johnson admits writing the letters
and takes his arrest coolly. He, how-
ever, declares that he was the cat-
paw of three strangers, who, he
claims, dictated his every action in
connection with the case, and forced
him to write the demands for money,
under penalty of death. He furnished
the officers with descriptions of the
three men.

cific stock trains in the yards here.

MEETS KING ON A BATTLESHIP

Theodore Roosevelt Calls on

IN THE HARBOR OF MESSINA

Meeting Characterized by the Utmost

Messina, April 7.—Theodore Roose-

on the Italian battleship Re Umberto
in Messina harbor. The meeting was
characterized by the utmost cordial-
ity and the king took the occasion to
express the gratitude of himself and
the Italian people for the generous

When the Admiral arrived at Mess-

having come here on the battleship. Al-
most immediately Captain Pfeister,
former Italian military attaché at
Washington, and now aide to Admiral
Mirabello, was taken to the Admiral
in a launch and inquired for Mr.
Roosevelt. He said the king sent his

pleasure in receiving the former pres-
ident of the United States. Mr. Roose-
velt's face lit up with a pleased smile.
Accompanied by his son Kermit and
Ambassador Griscom, he proceeded at
once to the battleship.

Greeted Roosevelt Effusively.

The king met the party at the head
of the gangway. He greeted the ex-
president effusively, shaking him
warmly by the hand. He did not
wish, he said, to allow the opportunity
to pass of making the personal ac-
quaintance of so distinguished a man.
Above all he wanted personally to
thank the ex-president for the help
extended by America at the time of
the earthquake. "You are now able,"
he added, "to understand better what
a terrible disaster it was."

Mr. Roosevelt replied, thanking the
sovereign for the compliment paid
him in inviting him to come aboard
the Re Umberto. He said that the
American people did not wish thanks
for what they had done, as they had
merely tried to do their duty and
knew no better way to confront the

immense need than by their work and
contributions.

The conversation then turned to the
hunting trip to Africa, the king say-
ing that his tastes also ran in that di-
rection. He mentioned the expedition
of the Count of Turlin in Africa, and,
similarly with the Duke of Aosta, ex-
pressed the hope that Mr. Roosevelt
would meet the count there. After
more than half an hour's conversation
the king accompanied his guest
ashore, where a photograph was taken
of a group consisting of his majesty,
the ex-president, Kermit and the
American ambassador. At the sug-
gestion of the king, Mr. Roosevelt
snapped a picture of his majesty, Ad-
miral Mirabello, Kermit and Ambassa-
dor Griscom, amid much laughter.

Wished Him Good Luck.

Before leaving, the king saluted Mr.
Roosevelt, wishing him a happy and
successful trip and much good luck
in the way of hunting. He asked Mr.
Roosevelt to promise that he would
visit Rome on his return, when the
queen would be pleased to make his
acquaintance. The king then took
his departure, not wishing to accom-
pany the party over the ruins.

Mr. Roosevelt was charmed with
the courtesy of the king and declared
that it was the most interesting half
hour he had spent since he left the
United States. The inspection of the
ruins then began.

The ex-president's departure from
the city to go aboard his steamer was
marked with scenes that moved him
to emotion. Although it was raining
heavily by this time, the people gath-
ered in crowds. The women kissed
their hands to him, the children threw
flowers in his path and the men
cheered wildly. It was a spontaneous
greeting to one who had been their
friend.

The steamer Admiral left Naples
soon after midnight, and after a
strenuous day the ex-president was
not long in seeking rest.

Evanston and Cicero Vote Against
Annexation Proposition.

Chicago, April 7.—In the city elec-
tion held here the "little ballot" op-
taining a proposition for a tax levy
to erect a tuberculosis sanitarium car-
ried by a large plurality. The town
of Evanston annulled annexation by
voting against it 4 to 1. The town of
Cicero defeated annexation.

The Republicans elected Isaac N.
Powell city treasurer by a plurality of
10,000. F. D. Connery, a Democrat,
was elected city clerk by less than
3,000 votes.

Four aldermen of the so-called
"Gray Wolf" element were defeated.
In the Seventh ward Professor Charles
E. Merriam of the University of Chi-
cago was elected by a tremendous ma-
jority. Aldermen Kenna and Powers
were re-elected.

New Trier township voted itself
"dry" territory, driving out the saloon
in Gross Point, where Fort Sheridan
soldiers gathered.

Both the Democrats and the Repub-
licans elected seventeen new coun-
cil members. With the holdovers,
this makes the council Republican by
a majority of twelve.

TO QUASH INDICTMENTS

Defense Argues in Trial of Governor
Haskell.

Tulsa, Okla., April 7.—In the trial
of Governor Charles N. Haskell for
alleged land fraud, testimony designed
to uphold charges of improper conduct
by Special Prosecutor Rush in ob-
taining the indictments was complet-
ed. The defense immediately re-
sumed argument on the motion to
quash the indictments. Arguments
were in progress when court ad-
journed for the day and will be taken
up again.

If the court overrules the motion to
quash, attorneys for Haskell will file
a demurrer, copies of which already
have been submitted to the prosecu-
tion. The demurrer will be argued
immediately if the attorneys fail in
their efforts to quash. If that fails
the case will be assigned for imme-
diate trial, which, it is expected, will
consume at least thirty days.

E. B. Linnin, special officer of the
interior department, testified that he
was appointed Dec. 9, 1908, to in-
vestigate the town lot fraud cases in
Muskogee. He took statements, he
said, in Michigan, Oklahoma, Louis-
iana, Indiana, Mississippi and Ohio,
these forming the basis of the Haskell
prosecution.

Edward Shannahan of Vinita, fore-
man of the grand jury which indicted
Haskell, related statements alleged to
have been made by Prosecutor Rush.
These were designed by the defense
to uphold charges of improper con-
duct made against Rush regarding the
grand jury proceedings.

Guests Driven Out by Smoke.

Minneapolis, April 7.—Driven from
their rooms by the smoke of a fire
which did trifling damage in the base-
ment, about forty lodgers at You-
man's hotel were forced out into the
slush storm in dishabille ranging
from shirt sleeves and slippers to
night robes and bare feet at 10:30
o'clock at night.

Word has been received by THE DIS-

Georgia Smith, formerly of this city,
but now of Seattle, with Mr. Edward
Martin, teller of the Bank of Com-

March 30th. The marriage took place
according to reports, last August. Miss
Smith was employed as a stenographer
at the bank and while she was away on
her vacation Mr. Martin quietly joined
her for a day and they were united in
matrimony. The matter was kept
secret and she continued her work as
stenographer until the announcement
of the marriage a few days ago.

WORKED ON THE CHAIN GANG

Young Woman Manages to Make Her
Escape.

Athens, Ga., April 6.—Kate O'Dwyer,
a young woman who was shackled and
forced to work on the chain gang
made her escape here.

The woman, who is said to be pret-
ty, had been sentenced to the gang
for twelve months for disorderly con-
duct. The sentence was suspended on
condition that she leave the country
and never return. She returned a
month ago, was arrested, and was or-
dered shackled and chained day and
night, as desperate men convicts
were. Her treatment became public
when an attorney asked a writ of
habeas corpus on the ground that no
one can be condemned to infamous
punishment except by a jury. The
case attracted so much attention that
Governor Smith took it up and the
prison commission issued an order
that no woman prisoner, no matter
what her offense, was ever to be
shackled.

The O'Dwyer woman escaped by cut-
ting the bars on her cell. It is be-
lieved she had outside assistance. She

was convicted of a misdemeanor, and
her case will go to the supreme court.

Cough Caution

Never, positively never poison your lungs. If you
cough—even from a simple cold only—you should
always heal, soothe, and ease the irritated bron-
chial tubes. Don't blindly suppress it with a
stupefying poison. It's strange how some things
finally come about. For twenty years Dr. Shoop
has constantly warned people not to take cough
mixtures or prescriptions containing Opium,
Chloroform, or similar poisons. And now—a little
late though—Congress says "Put it on the label."
Very good! Hereafter for this very reason, mothers,
and others, should insist on having Dr. Shoop's
Cough Cure. No poison marks on Dr. Shoop's
labels—and none in the medicine, else it must be
labeled as such. And it's not only safe, but it is
said to be by those that know best, a truly re-
markable cough remedy. Take no chance then,
particularly with your children. Insist on having
Dr. Shoop's Cough Cure. Compare carefully the
Dr. Shoop package with others and note the
difference. No poison marks there! You can
always be on the safe side by demanding

Word has been received by THE DIS-

Georgia Smith, formerly of this city,
but now of Seattle, with Mr. Edward
Martin, teller of the Bank of Com-

March 30th. The marriage took place
according to reports, last August. Miss
Smith was employed as a stenographer

her vacation Mr. Martin quietly joined
her for a day and they were united in
matrimony. The matter was kept
secret and she continued her work as
stenographer until the announcement

WORKED ON THE CHAIN GANG

Young Woman Manages to Make Her
Escape.

Athens, Ga., April 6.—Kate O'Dwyer,
a young woman who was shackled and
forced to work on the chain gang,
made her escape here.

The woman, who is said to be pret-
ty, had been sentenced to the gang
for twelve months for disorderly con-
duct. The sentence was suspended on
condition that she leave the country
and never return. She returned a
month ago, was arrested, and was or-
dered shackled and chained day and
night, as desperate men convicts
were. Her treatment became public
when an attorney asked a writ of
habeas corpus on the ground that no
one can be condemned to infamous
punishment except by a jury. The
case attracted so much attention that
Governor Smith took it up and the
prison commission issued an order
that no woman prisoner, no matter
what her offense, was ever to be
shackled.

The O'Dwyer woman escaped by cut-
ting the bars on her cell. It is be-
lieved she had outside assistance. She

was convicted of a misdemeanor, and
her case will go to the supreme court.

Cough Caution

Never, positively never poison your lungs. If you
cough—even from a simple cold only—you should
always heal, soothe, and ease the irritated bron-
chial tubes. Don't blindly suppress it with a
stupifying poison. It's strange how some things
finally come about. For twenty years Dr. Shoop
has constantly warned people not to take cough
mixtures or prescriptions containing Opium,
Chloroform, or similar poisons. And now—a little
late though—Congress says "Put it on the label.
If poisons are in your Cough Mixture." Good!
Very good! Hereafter for this very reason mothers,
and others, should insist on having Dr. Shoop's
Cough Cure. No poison marks on Dr. Shoop's
labels—and none in the medicine, else it must by
law be on the label. And it's not only safe, but it
is said to be by those that know it best, a truly re-
markable cough remedy. Take no chance then,
particularly with your children. Insist on having
Dr. Shoop's Cough Cure. Compare carefully the
Dr. Shoop package with others and note the
difference. No poison marks there! You can
always be on the safe side by demanding

Defeated D. M. Clark by a Majority of 86 With a Large Vote Polled

AMENDMENTS ALL DEFEATED

Failure of Many Voters to Vote on Them at all Resulted in Their Defeat

A. Ousdahl was elected mayor over D. M. Clark at the city election Tuesday by a majority of 86. The only other contest on the city ticket was over municipal judge, C. A. Albright, the present incumbent being overwhelmingly defeated by J. H. Warner. In the aldermanic contest the only surprise

Elected Mayor of Brainerd Tuesday.

was the election of Pete Cardle by a plurality of two over Dan Doran in the Fifth ward.

There will be a number of new faces on the council while several old timers will be in evidence. Four members of the present council, Aldermen Paine, Toohey, Zakariassen and Deickhaus were re-elected. Three others, Aldermen elect Drexler, Gardner and Robertson have had previous experience on the council, while Aldermen elect Henning, Kjelquist and Cardle are new to the work. The following is the tabulated vote:

All the amendments to the city charter failed to pass. Every one received a majority of the votes cast on the proposition, but the law required that they should each receive three-fifths of the entire vote cast at the election. There were 1,499 votes cast thus requiring 900 votes to carry any amendment and none of them received this number. The following is the total vote for and against them:

First—yes, 761; no, 162. Second—yes, 762; no, 195. Third—yes, 704; no, 172. Fourth—yes, 726; no, 242. Fifth—yes, 730; no, 161. Sixth—yes, 860; no, 123. Seventh—yes, 634; no, 347.

To the Citizens of Brainerd

I desire to express my sincere and grateful thanks to my many friends who gave me their support and services during the campaign just closed.

I hope that all will cooperate with the coming council and public boards and help to make Brainerd a prosperous city. We all want a safe and sane business administration—an administration of the people, by the people and for the good of all the people.

Yours truly,
A. OUSDAHL.

BOARD OF EDUCATION

Held Regular Monthly Meeting Monday Evening and Transacted Mostly Routine Business

The meeting of the board of Education Monday evening was largely routine in its character. The members were all present except L. P. Johnson.

Pleasant Grove Homestead B. A. Y., presented a communication to the board asking permission to rent the upper floor of the mill school building for lodge room purposes. The communication was referred to the building committee.

The monthly reports of the city superintendent on the book room and on the condition of the schools were read, approved and ordered placed on file.

Bids were opened for the construction of the air duct for the ventilating system in the Lowell school, the bids being as follows:

Charles Peterson..... \$ 662
E. W. Paulson..... 650

Inasmuch as none of the members of the board knew Mr. Paulson or anything of the character of his work the contract was awarded to Mr. Peterson, the board deeming the slight difference in price more than overcome by the certainty of the quality of the work.

Considerable time was taken discussing the matter of a better ventilating plant in the Washington building, but no action was taken.

The report of the truant officer for the month of March was read. It showed 52 calls made and 16 pupils returned to school.

The purchasing committee was authorized to buy 20 cords of dry jack pine wood.

On motion George D. LaBar, chairman of the finance committee and R. R. Wise, chairman of the committee on course of study and library were instructed to act in conjunction with the committee on teachers and the superintendent in the matter of hiring and fixing the salaries of the teachers for the coming year.

A Religious Author's Statement

Rev. Joseph H. Fesperman, Salisbury, N. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." H. P. Dunn's drug store mwf

NEW DIGESTIVE JUICES WANTED

More Gastric Juice and no Fermentation is What Your Stomach Needs

ALL YOUR DYSPEPSIA VANISHES

Absolute Relief From All Your Stomach Troubles is now Waiting for You

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only 50 cents and will thoroughly cure the worst case of Dyspepsia, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve a sour stomach or indigestion in five minutes.

Get a case now and eat one triangle after your next meal. They are harmless and taste like candy, though each contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go the table with a hearty, healthy appetite; but, what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach prescription, too, if you ever have indigestion or gastritis or any other stomach misery, and eat just one triangle of Diapepsin.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. The Tragedy of Judas

The series of services being held to commemorate the last week of the Christ upon the earth is deepening in interest as was evidenced by a large audience that listened to Rev. J. E. Abramson of the First Baptist church last night, as he cogently narrated the Christ's doings on Tuesday of "Passion Week" in the long ago. It was a representative audience of Bible students that listened to the speaker unfold with fine effect the utterances of the Master in the Temple silencing his critics and strengthening His disciples. This evening at the First Baptist church, the Rev. Charles Fox Davis will analyze the character of Judas the Betrayer. His theme will be "A Night Study of Judas." The service will commence at 7:45, and a special soloist will sing. All are welcome.

AMENDMENTS ALL DEFEATED

Failure of Many Voters to Vote on Them at all Resulted in Their Defeat

A. Ousdahl was elected mayor over D. M. Clark at the city election Tuesday by a majority of 86. The only other contest on the city ticket was over municipal judge, C. A. Allbright, the present incumbent being overwhelmingly defeated by J. H. Warner.

A. OUSDAHL
Elected Mayor of Brainerd Tuesday.

was the election of Pete Cardle by a plurality of two over Dan Doran in the Fifth ward.

There will be a number of new faces on the council while several old timers will be in evidence. Four members of the present council, Aldermen Paine, Toohey, Zakariassen and Deickhaus were re-elected. Three others, Aldermen elect Drexler, Gardner and Robertson have had previous experience on the council, while Aldermen elect Henning, Kjelquist and Cardle are new to the work.

Table with 5 columns: CANDIDATES, 1st Ward, 2nd Ward, 3rd Ward, 4th Ward, 5th Ward. Lists candidates for Mayor, Treasurer, Assessor, Municipal Judge, and Aldermen.

All the amendments to the city charter failed to pass. Every one received a majority of the votes cast on the proposition, but the law required that they should each receive three-fifths of the entire vote cast at the election. There were 1,499 votes cast thus requiring 900 votes to carry any amendment and none of them received this number.

To the Citizens of Brainerd

I desire to express my sincere and grateful thanks to my many friends who gave me their support and services during the campaign just closed. I hope that all will cooperate with the coming council and public boards and help to make Brainerd a prosperous city.

Yours truly, A. OUSDAHL.

BOARD OF EDUCATION

Held Regular Monthly Meeting Monday Evening and Transacted Mostly Routine Business

The meeting of the board of Education Monday evening was largely routine in its character. The members were all present except L. P. Johnson. Pleasant Grove Homestead B. A. Y., presented a communication to the board asking permission to rent the upper floor of the mill school building for lodge room purposes.

The monthly reports of the city superintendent on the book room and on the condition of the schools were read, approved and ordered placed on file. Bids were opened for the construction of the air duct for the ventilating system in the Lowell school, the bids being as follows: Charles Peterson, \$682; E. W. Paulson, 650.

Inasmuch as none of the members of the board knew Mr. Paulson or anything of the character of his work the contract was awarded to Mr. Peterson, the board deeming the slight difference in price more than overcome by the certainty of the quality of the work.

Considerable time was taken discussing the matter of a better ventilating plant in the Washington building, but no action was taken.

The report of the truant officer for the month of March was read. It showed 52 calls made and 16 pupils returned to school.

The purchasing committee was authorized to buy 20 cords of dry jack pine wood.

On motion George D. LaBar, chairman of the finance committee and R. R. Wise, chairman of the committee on course of study and library were instructed to act in conjunction with the committee on teachers and the superintendent in the matter of hiring and fixing the salaries of the teachers for the coming year.

A Religious Author's Statement

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." H. P. Dunn's drug store mwf

NEW DIGESTIVE JUICES WANTED

More Gastric Juice and no Fermentation is What Your Stomach Needs

ALL YOUR DYSPEPSIA VANISHES

Absolute Relief From All Your Stomach Troubles is now Waiting for You

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only 50 cents and will thoroughly cure the worst case of Dyspepsia, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve a sour stomach or indigestion in five minutes.

Get a case now and eat one triangle after your next meal. They are harmless and taste like candy, though each contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a hearty, healthy appetite; but, what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach prescription, too, if you ever have indigestion or gastritis or any other stomach misery, and eat just one triangle of Diapepsin.

The Tragedy of Judas

The series of services being held to commemorate the last week of the Christ upon the earth is deepening in interest as was evidenced by a large audience that listened to Rev. J. E. Abramson of the First Baptist church last night, as he cogently narrated the Christ's doings on Tuesday of "Passion Week" in the long ago. It was a representative audience of Bible students that listened to the speaker unfold with fine effect the utterances of the Master in the Temple silencing his critics and strengthening His disciples.

This evening at the First Baptist church, the Rev. Charles Fox Davis will analyze the character of Judas the Betrayer. His theme will be "A Night Study of Judas." The service will commence at 7:45, and a special soloist will sing. All are welcome.

Memphis, Tenn., April 7.—Five lives are known to have been lost, and at least fifteen injured in a cyclone which destroyed the Illinois Central depot at Aberdeen, Miss., where the greatest loss of life occurred. Three of the dead are negroes. The two white men killed are: W. C. McMillan, cashier of the Bank of Aberdeen; T. C. McMillan, his son, a cotton buyer. The depot was filled with passengers when the cyclone struck it. It collapsed almost immediately, the wreckage pinioning all within. It required several hours to extricate them from the mass of wreckage.

At Forest City the velocity of the wind reached its height, blowing a negro and a mule hitched to a plow from one farm into an adjoining plantation, without killing the man or mule.

Trees were blown down in Memphis and in suburban towns several residences are reported blown down, but no loss of life.

The reports from points in east Tennessee show that the path of the tornado continued from Arkansas through Tennessee to the Kentucky line and to Murray, Ky., where Isaiah Ballance, eighty-four years old, a Confederate veteran and prominent citizen, was killed. Dozens of tobacco barns were blown away at Murray and the loss is estimated at several thousand.

BROTHER OF MRS. SAMPSON TESTIFIES

Interesting Figure on Witness Stand in Murder Case.

Lyon, N. Y., April 7.—Frank S. Allyn, the twenty-year-old brother of Mrs. Georgia Allyn Sampson, who is charged with killing her husband, Harry Sampson, was an interesting figure on the witness stand in the trial of his sister. In a thin, weak voice that could scarcely be heard beyond the jury box, young Allyn told how Harry Sampson staggered into the Allyn dining room and fell dead in the presence of Mrs. Allyn and himself, without uttering a word.

Allyn testified that his sister went to Rochester the afternoon before the shooting and returned that evening. He said that on the morning of the shooting his father and brother Carl went to the station with milk, but he stayed to help his mother in the kitchen. Frank said he heard a scream from Harry, but heard no shot fired.

"My mother and I started for our dining room," said Frank, "and as we entered the room I saw Harry stagger at the threshold and then fall over on the floor. Just before he fell my mother said 'why, Harry, what have you done?' He made no reply, but gasped for breath a few times. My mother went to him and I telephoned for the doctor."

Allyn said that as he went to the telephone he saw a rifle and a box of cartridges behind the door of the Sampson dining room. He identified the rifle, and said he had borrowed it from a neighbor.

Henry Steiger, an undertaker, said he saw no powder marks on the body. Mrs. Sampson ordered flowers from him for her husband's funeral.

The prosecution outlined its case and from three or four physicians—Dr. George P. York, Dr. Edwin M. Rodinburger and Dr. Cyrus Jennings, the coroner of Wayne county—developed evidence that no powder marks were found around the wound in Sampson's breast or around the bullet hole in the shirt which he wore. Dr. Rodinburger thought that the edge of the bullet hole in the shirt was slightly charred.

Tragedy on Cut Shin Creek.

Hazard, Ky., April 7.—On Cut Shin creek, on the Perry-Leslie county border, Spid Spurlock was shot and instantly killed and Robert Baker fatally wounded. It is alleged, by Joe Smith. The killing, it is said, followed a quarrel.

The king was leaving the palace courtyard and the queen was entering in their automobiles, when the machines came into collision in the narrow passage. Both automobiles were badly damaged, but their majesties were not hurt.

WANTS TO FIGHT JOHNSON

Tommy Burns Anxious for Another Battle With Negro.

New York, April 7.—Tommy Burns, from whom Jack Johnson wrested the heavyweight championship of the world, is anxious for another fight with the negro. Hugh D. McIntosh, who promoted the Johnson-Burns fight and since has assumed the management of Burns, announced that he had been authorized in a cablegram from Burns to arrange for a return match with Johnson and would post \$5,000. Burns, he declared, was willing to fight Johnson anywhere and on any terms.

If Johnson does not accept, McIntosh said Burns would fight Ketchel and Kaufmann, but certain terms, which he would not make public at present, would have to be complied with by the last two.

MAY FIGHT IN AUSTRALIA

Believed Jeffries and Johnson Will Meet There.

San Francisco, April 7.—Pinckus & Harris, managers of a local theater, said they had received a cable from H. Fitzhugh, manager of a Melbourne, Australia, fight syndicate, offering to match James J. Jeffries and Jack Johnson for a purse of double the amount given for the Burns-Johnson match. Jeffries' backers here say he has planned to invade Australia on his vaudeville tour and that they are convinced he will accept the offer.

CYCLONE IN MISSISSIPPI

Kills Five Persons and Injures Many Others.

BURIED IN RUINS OF A DEPOT

Passengers Pinioned in Wreckage of Structure Demolished by the Storm. Great Loss of Life Reported on the Terrell Plantation Near West Point. Several Persons Said to Have Been Killed in Arkansas.

Memphis, Tenn., April 7.—Five lives are known to have been lost, and at least fifteen injured in a cyclone which destroyed the Illinois Central depot at Aberdeen, Miss., where the greatest loss of life occurred. Three of the dead are negroes. The two white men killed are: W. C. McMillan, cashier of the Bank of Aberdeen; T. C. McMillan, his son, a cotton buyer.

The depot was filled with passengers when the cyclone struck it. It collapsed almost immediately, the wreckage pinioning all within. It required several hours to extricate them from the mass of wreckage.

From West Point a report is received that there was a great loss of life on the Terrell plantation. A number of houses have been blown down, but the names of the victims have not been secured.

The town of Rich was badly damaged by a high wind, a number of buildings being blown down. There was no loss of life reported.

Several people are reported killed as a result of a severe wind and rain storm from the West. At Cotton Plant, Ark., the roof of the Grand Opera house was blown down and several residences were moved many yards by the force of what looked like another Brinkley tornado.

The town is dark, the result of damage to the electric light plant.

At Forest City the velocity of the wind reached its height, blowing a negro and a mule hitched to a plow from one farm into an adjoining plantation, without killing the man or mule.

Trees were blown down in Memphis and in suburban towns several residences are reported blown down, but no loss of life.

The reports from points in east Tennessee show that the path of the tornado continued from Arkansas through Tennessee to the Kentucky line and to Murray, Ky., where Isaiah Ballance, eighty-four years old, a Confederate veteran and prominent citizen, was killed. Dozens of tobacco barns were blown away at Murray and the loss is estimated at several thousand.

BROTHER OF MRS. SAMPSON TESTIFIES

Interesting Figure on Witness Stand in Murder Case.

Lyon, N. Y., April 7.—Frank S. Allyn, the twenty-year-old brother of Mrs. Georgia Allyn Sampson, who is charged with killing her husband, Harry Sampson, was an interesting figure on the witness stand in the trial of his sister. In a thin, weak voice that could scarcely be heard beyond the jury box, young Allyn told how Harry Sampson staggered into the Allyn dining room and fell dead in the presence of Mrs. Allyn and himself, without uttering a word.

Allyn testified that his sister went to Rochester the afternoon before the shooting and returned that evening. He said that on the morning of the shooting his father and brother Carl went to the station with milk, but he stayed to help his mother in the kitchen. Frank said he heard a scream from Harry, but heard no shot fired.

"My mother and I started for our dining room," said Frank, "and as we entered the room I saw Harry stagger at the threshold and then fall over on the floor. Just before he fell my mother said 'why, Harry, what have you done?' He made no reply, but gasped for breath a few times. My mother went to him and I telephoned for the doctor."

Allyn said that as he went to the telephone he saw a rifle and a box of cartridges behind the door of the Sampson dining room. He identified the rifle, and said he had borrowed it from a neighbor.

Henry Steiger, an undertaker, said he saw no powder marks on the body. Mrs. Sampson ordered flowers from him for her husband's funeral.

The prosecution outlined its case and from three or four physicians—Dr. George P. York, Dr. Edwin M. Rodinburger and Dr. Cyrus Jennings, the coroner of Wayne county—developed evidence that no powder marks were found around the wound in Sampson's breast or around the bullet hole in the shirt which he wore. Dr. Rodinburger thought that the edge of the bullet hole in the shirt was slightly charred.

Tommy Burns Anxious for Another Battle With Negro.

New York, April 7.—Tommy Burns, from whom Jack Johnson wrested the heavyweight championship of the world, is anxious for another fight with the negro. Hugh D. McIntosh, who promoted the Johnson-Burns fight and since has assumed the management of Burns, announced that he had been authorized in a cablegram from Burns to arrange for a return match with Johnson and would post \$5,000. Burns, he declared, was willing to fight Johnson anywhere and on any terms.

If Johnson does not accept, McIntosh said Burns would fight Ketchel and Kaufmann, but certain terms, which he would not make public at present, would have to be complied with by the last two.
